The Great Fire of London: A Brief Historical Overview

What Was the Great Fire?

The Great Fire of London erupted in September 1666, devastating much of the medieval city over the course of three days. Starting in a bakery on Pudding Lane, the fire rapidly spread through timber-framed buildings, consuming homes, churches, and businesses.

Key facts about the fire:

- Start Date: September 2, 1666

- Aftermath: The city was rebuilt with fire-resistant materials, leading to significant urban reforms

The fire marked a turning point in London's history, prompting changes in building codes, fire safety, and urban planning.

Causes and Consequences

The fire's causes remain a subject of debate, but most agree it was an accidental disaster exacerbated by dry weather, wooden buildings, and narrow streets that hindered firefighting efforts.

Major consequences:

- Urban Reconstruction: Introduction of brick and stone buildings, wider streets, and improved firefighting infrastructure

These symbolic linkages can be interpreted as commentary on the cyclical nature of destruction and reconstruction in human history.

- Invasion and infiltration: Small but impactful, capable of spreading chaos
- Persistence and resilience: Surviving in harsh conditions and adapting
