External circumstances can trigger specific behaviors.

- **Competitive environments:** High-stakes situations prompt strategic and sometimes ruthless actions.
- **Resource scarcity:** Limited resources incite conflict, leading the White Collar to act aggressively to secure what they need.
- **Power vacuum:** Absence of leadership or stability often creates opportunities for the White

Colla to assert dominance.

These situational factors often amplify underlying psychological and emotional tendencies.

3. Influence of Peer and Group Dynamics

Group affiliations and peer pressure can significantly influence their actions.

- **Conformity:** Desire to fit in encourages behaviors aligned with group norms.
