The Historical Context of the 1565 Great Siege of Malta

Geopolitical Background

The mid-16th century was marked by intense rivalry between the Ottoman Empire and Christian European powers. The Ottomans, under Sultan Suleiman the Magnificent, sought to expand their dominions into the Mediterranean, control vital maritime trade routes, and project their power into Europe. Malta, strategically located between Sicily and North Africa, was a critical stepping stone for any Mediterranean dominance.

They transformed the island into a formidable fortress, developing a network of fortifications designed to withstand sieges and defend Christian interests.

The Build-up to the Siege

In 1565, the Ottomans assembled a formidable force?estimated at around 30,000 to 40,000 troops?aimed at capturing Malta. The Knights, numbering approximately 1,700, prepared for an epic confrontation with limited resources but immense determination. The Ottomans aimed to eliminate the Knights? presence in the Mediterranean, thereby securing dominance over the sea lanes.
