What is a Broker Price Opinion (BPO)?

At its core, a Broker Price Opinion (BPO) is an estimated value of a property provided by a licensed real estate broker or agent, primarily used for non-lending purposes such as short sales, portfolio evaluations, or property valuations for distressed assets. Unlike formal appraisals, BPOs are typically quicker and less costly to prepare, making them a preferred choice for certain transactions.

A BPO is not an official appraisal but offers a professional opinion based on market data, property condition, and comparable sales. The accuracy and credibility of a BPO depend heavily on the structure of the report, which is where a comprehensive BPO forms template becomes invaluable.
