Understanding the Concept of Agency

Definition and Significance

Agency, as defined in Cheema's Chapter 28, refers to a fiduciary relationship where one party, the agent, is authorized to act on behalf of another, the principal. This relationship is essential because it enables businesses to operate efficiently through delegated authority.

Key points about agency include:

- The agent acts for the principal in dealings with third parties.
- The principal is bound by the acts of the agent within the scope of authority.
- Agency relationships are based on consent, either express or implied.

Legal Framework of Agency

The law recognizes agency relationships as creating rights and obligations between involved parties. The legal principles governing agency are derived from common law and statutory provisions, which outline the scope and limits of an agent's authority.

Types of Agency Relationships Explored in Chapter 28

Khalid Mehmood Cheema categorizes agency relationships into various types to clarify their legal implications:

1. Express Agency

- Created explicitly through written or oral agreement.
- The principal explicitly authorizes the agent to act on their behalf.

2. Implied Agency

- Arises from the conduct of parties or circumstances.

- No explicit agreement but inferred from actions.

3. Agency by Ratification

- Occurs when a principal approves an unauthorized act after it has been performed.
- The principal's ratification retroactively authorizes the agent's actions.

4. Agency by Necessity

- Established when immediate action is required to prevent loss or damage.
- Usually arises in emergency situations where prior consent isn't possible.

5. Agency by Estoppel

- Occurs when a principal's conduct leads third parties to believe an agency exists.
- The principal is estopped from denying the agency relationship.

Formation and Creation of Agency

Understanding how an agency relationship is formed is critical. Cheema emphasizes the following methods:

Express Agreement

- Clear communication between principal and agent.
- Can be oral or written.

Implied Agreement

- Based on conduct, necessity, or customary practices.

Legal Requirements for Formation

- Mutual consent
- Capacity of parties

- Lawful objectives
- Clear scope of authority

Authority in Agency Relationships

Authority defines the extent to which an agent can bind the principal in dealings with third parties.

Types of Authority

- Actual Authority: Explicitly granted by the principal, either express or implied.
- Apparent Authority: Arises when the principal's conduct leads third parties to believe the agent has authority.
- Inherent Authority: Implied by the nature of the agent's position, even if not expressly granted.

Scope and Limitations

- Agents must operate within their authority.
- Unauthorized acts can lead to liabilities for the agent and sometimes the principal.

Liabilities and Duties in Agency Relationships

Chapter 28 highlights the responsibilities and liabilities of both agents and principals.

Agents' Duties

- Duty to perform with reasonable care.
- Duty to obey lawful instructions.
- Duty to act in the best interest of the principal.
- Duty of confidentiality.
- Duty to account for funds or property.

Principals' Duties

- Duty to compensate the agent.
- Duty to indemnify for authorized acts.
- Duty to provide necessary information.
- Duty to cooperate.

Liabilities for Third Parties

- Principals are generally liable for authorized acts.
- Agents may be personally liable if acting outside their authority or illegally.

Termination of Agency

The agency relationship can be terminated through various means, which Cheema discusses thoroughly:

Methods of Termination

- By Agreement: Mutual consent or expiration of stipulated period.
- By Conduct: Revocation by the principal or renunciation by the agent.
- By Operation of Law: Death, insanity, bankruptcy of either party, or impossibility of performance.

Effects of Termination

- Agents lose authority to bind the principal.
- Third parties must be notified to prevent further liabilities.
- Past acts remain binding if performed within the authority period.
